

Audio / Video WPG Series Wall Plates

The Soft-Tech WPG Series of Wall Plates is specifically designed for standard 1-gang electrical boxes. These plates provide an elegant wall mount multimedia interface using pass-through connectors for an affordable integration solution.

Soft-Tech Wall Plates are made of metal masked with polycarbonate film.

COMMON FEATURES

- Signals passed through unprocessed
- A/V signals are completely isolated from chassis
- Elegant finish

WPG 1502

One-Gang WPG - Wall Plate with two Balanced Mic Connectors.

- Two XLR Female Connectors

WPG 1501

One-Gang WPG - Wall Plate with one Balanced Mic Connector.

- One XLR Female Connector

WPG 1601

One-Gang WPG - Wall Plate with Computer and Stereo Audio Connectors.

- Computer: 15-Pin Female - to Printed Circuit Board (PCB) with RGBHV inputs.
- Stereo Audio: Two RCA Female - to solder tabs

WPG 1602

One-Gang WPG - Wall Plate with Computer, S-Video and Composite Video Connectors.

- Computer: 15-Pin Female - to Printed Circuit Board (PCB) with RGBHV inputs.
- S-Video: 4-Pin Mini DIN Female - to Printed Circuit Board (PCB) with LC inputs.
- Composite Video: RCA Female - to solder tab

WPG 1603

One-Gang WPG Wall Plate with Computer, S-Video, Composite Video and Stereo Audio Connectors.

- Computer: 15-Pin Female - to Printed Circuit Board (PCB) with RGBHV inputs.
- S-Video: 4-Pin Mini DIN Female - to Printed Circuit Board (PCB) with LC inputs.
- Composite Video: RCA Female - to solder tab
- Stereo Audio: Two RCA Female - to solder tabs

WPG 1503

One-Gang WPG Wall Plate with two Stereo Audio Connectors.

- Four RCA Female - to solder tabs
